Professional Summary

A results-driven frontend developer and team lead with expertise in designing and developing responsive, user-centric web applications using modern frameworks like Next.js, React.js, and tools like TypeScript and Tailwind CSS. Currently leading the frontend team for the **StudyBoosta Educational Platform** and working with **GDD**, a web development company, to deliver high-quality digital solutions. Passionate about creating seamless user experiences, optimizing web performance, and driving collaborative success in dynamic environments. Recently graduated in Industrial Engineering, bringing a unique perspective on problem-solving, process optimization, and resource efficiency to development projects.

Core Competencies

- Frontend Development: Next.js, React.js, JavaScript, TypeScript, Tailwind CSS
 - Web Performance Optimization
 - API Integration and Authentication Systems
 - Leadership and Team Management
 - Version Control: Git/GitHub
-

Education

Bachelor of Engineering in Industrial Engineering

University of Benin, Edo State | 2024

- Relevant Coursework: Production Systems, Project Management Operations Research, Quality Engineering, Supply Chain Management
-

Frontend Development Experience

Team Lead, Frontend Development

StudyBoosta Educational Platform | July 2024 – Present

- Leading the frontend development team to design and maintain a user-friendly platform offering educational resources and scholarships.

- Coordinating team efforts to ensure high-quality code, seamless UI/UX design, and timely delivery of features.
- Overseeing API integrations and implementing secure authentication systems.

Frontend Developer

GDD – Web Development Company | Present

- Developing responsive, high-performance web applications tailored to client needs.
- Collaborating with cross-functional teams to deliver scalable and maintainable solutions.
- Ensuring compliance with modern design principles and best practices in web development.

Frontend Developer

Personal Projects | 2024 – Present

- Designed and developed user-centric web applications using Next.js and React.js.
 - Built intuitive and optimized interfaces with Tailwind CSS, ensuring exceptional user experiences.
-

Projects

StudyBoosta Educational Platform

- Spearheaded frontend development for an educational platform providing students with resources and scholarship opportunities.
- Designed and implemented responsive interfaces and secure user authentication systems.

Development and Analysis of Bamboo/Coir Fibre Composite

- Designed a sustainable particle board composite, demonstrating improved durability and reduced environmental impact.
 - Conducted performance tests, refining production techniques for enhanced efficiency.
-

Work Experience

Assistant Farm Manager

Patrubby Farms, Enugu | March 2020 – Present

- Managed daily operations, ensuring adherence to quality and hygiene standards.
- Optimized resource usage, reducing waste by 10%.

Production Intern

Scientific Equipment Development Institute, Enugu | June 2024 – October 2024

- Streamlined production workflows, reducing downtime and enhancing equipment functionality.
 - Assisted in quality assurance processes, improving product quality by 12%.
-

Certifications

- **Foundations of Project Management** – Coursera
 - **Google Project Management: Professional Certificate** (*In Progress*)
-

Technical Skills

- **Frontend Development:** Next.js, React.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS
 - **Version Control:** Git/GitHub
 - **Software Tools:** AutoCAD, Microsoft Project, SPSS, Excel
-

Soft Skills

- Leadership and team management
- Problem-solving and analytical thinking
- Effective communication and attention to detail
